

Aman Umer

Associate Software Engineer · Full-Stack Development · Data Engineering
amanumer676@gmail.com · +92 335 469 5730 · Lahore, Pakistan

PROFESSIONAL SUMMARY

Versatile Software Engineer with ~1 year of professional experience spanning data engineering and full-stack web development. Comfortable working across the stack — from building responsive React interfaces and RESTful APIs to designing ETL pipelines and maintaining cloud data workflows on Microsoft Azure. Driven to deliver clean, scalable solutions and grow within collaborative engineering teams.

EXPERIENCE

Associate Data Engineer · Mavericks United

Dec 2025 – Present

- Manage relational databases and write SQL queries with joins, aggregations, and subqueries to support data integrity and analytics.
- Contributed to a core database project for a healthcare platform, working with PostgreSQL hosted on Google Cloud Platform (GCP).
- Implemented targeted indexes and optimized complex SQL queries to reduce response times and improve overall database performance.
- Assist in documenting data workflows and pipeline requirements alongside senior engineers.

Data Engineer Intern · Alphabridge

Jul 2025 – Nov 2025

- Developed ETL/ELT pipelines with Azure Data Factory to automate data ingestion and reduce manual processing.
- Improved SQL query performance via indexing and execution plan reviews; supported ongoing data quality monitoring.

Junior MERN Stack Developer · Seebiz Pvt Ltd

Aug 2024 – Jun 2025

- Contributed to full-stack features using React.js, Node.js, Express.js, and MongoDB as part of an Agile product team.
- Built and maintained responsive, accessible UI components and RESTful API endpoints across multiple product modules.
- Collaborated on code reviews and feature planning, improving delivery pace and code quality.

TECHNICAL SKILLS

Languages: JavaScript, SQL, Python, HTML5, CSS3

Frontend: React.js, Responsive Design

Backend: Node.js, Express.js, RESTful APIs

Data Engineering: ETL/ELT Pipelines, Azure Data Factory, Query Optimization

Databases: MySQL, MongoDB, PostgreSQL

Cloud: Microsoft Azure, Google Cloud Platform (GCP)

EDUCATION

B.Sc. Computer Science

Sep 2023 – Present

Government College University Lahore (GCUL)
